

REACH STATEMENT

Dear Customers,

REACH is the European Community Regulation on chemicals and their safe use (EC 1907/2006). It deals with Registration, Evaluation, Authorization and Restriction of Chemical substances. The law entered into force on 1 June 2007.

In accordance with the arrangement of REACH, those who produce or import from non-EU countries with a substance on its own or in a preparation, in quantities equal or greater than one ton per year will be required to “record” at the European Agency of the chemical methods and timing differ depending on the quantity produced/imported and the hazards of the substance.

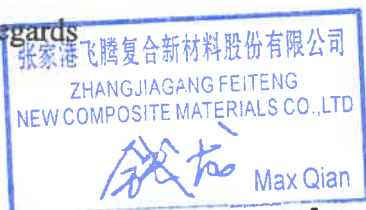

Zhangjiagang Feiteng New Composite Material . Ltd has made the necessary preparations to comply with the Reach Regulation which has different requirements for “Chemicals and preparations” and “Articles”, all of Feiteng products are “articles”.

As of the date of this document, Feiteng aluminium composite panels products do not contain any of the Substances of Very High Concern (SVHC) listed on the most current candidate list - June 27th, 2024 - published on the ECHA website (<https://echa.europa.eu/en/candidate-list-table>).

None of these substances is either intentionally added or present to the best of our knowledge,

Therefore, we consider that they are not present, unless at trace levels (ppm) as unknown impurities from the raw.

Best regards
